

WALK & CYCLE TRAILS

Walking Trail Information...

Old Chimney Trail

Take a stroll through the south west's beautiful Karri, Jarrah and Marri forests which lead to Bramley Brook and part of Margaret River's logging heritage, a pine sawmill built in the 1960's. For a longer stroll, continue along the Big Brook Walk.

Big Brook Trail

This easy walk meanders along the beautiful Bramley Brook and takes in sections of the old railway line. Admire the scented peppermint canopy and take a closer look at the bridge crossings and you will see evidence of early engineering. The old bridges were made from local jarrah in the 1920's – the fact that they are still standing is a testament to the timber's durability.

Wally's Walk

Traverse through Marri and Jarrah forest down to Riverglen Chalets. Hug the outskirts of the chalets and continue on a loop back through striking Karri forests to Wharncliffe Mill. Keep an eye out for Baudin's cockatoo – a white-tailed black cockatoo, one of the residents of Wharncliffe Mill. They are often seen flying overhead or eating honkey nuts from Marri trees.

Pine Tree Trail

This pleasant trail winds through a Radiata pine plantation, established in the 1930's. Notice the distinct changes in the vegetation of this forest compared to the regions native Karri, Jarrah and Marri forests.

SAFETY NOTES:

- Please always take plenty of water, wear sunscreen and wear a hat out on the trails.
- Please ensure your mobile phone has signal and you have a mapping app which works.
- Make sure someone knows your proposed route and the time you are due back in case you get lost or injured.
- In case of emergency dial 000 (triple zero)

Getting into town...

The Express Route (walking):

Journey down Wally's Walk to Riverglen Chalets. Take a left onto their driveway and follow it out to Carter Road. Follow the pathway either side of Bussell Highway into town for a selection of great cafes, restaurants and gift shops. Distance: 2km

The Scenic Route (walking or mountain biking) - Minnie Keenan's Trail:

Traverse down the driveway (McQueen Road) from Wharncliffe Mill and cross Carters Road to join Minnie Keenan's Trail. Meander through the gorgeous forest alongside Margaret River towards Bussell Highway. Distance: 2.5km

The Explorer's Route (walking or mountain biking) - Rails to Trails

This easy to navigate trail passes Wharncliffe Mill on its way from Cowaramup to the Margaret River town centre. This trail was once part of the old railway network that was built during the forestry boom – hence it is relatively flat and has an excellent surface for walking or leisurely mountain bike riding. Distance: 13.5km. Slope: Excellent surface, easy grades.

Mountain Bike Riding...

Whether you are a beginner or a more experienced rider, Wharncliffe Mill is a gateway to several enjoyable mountain bike trails. Find trail information in the car park at the entrance to Wharncliffe Mill.

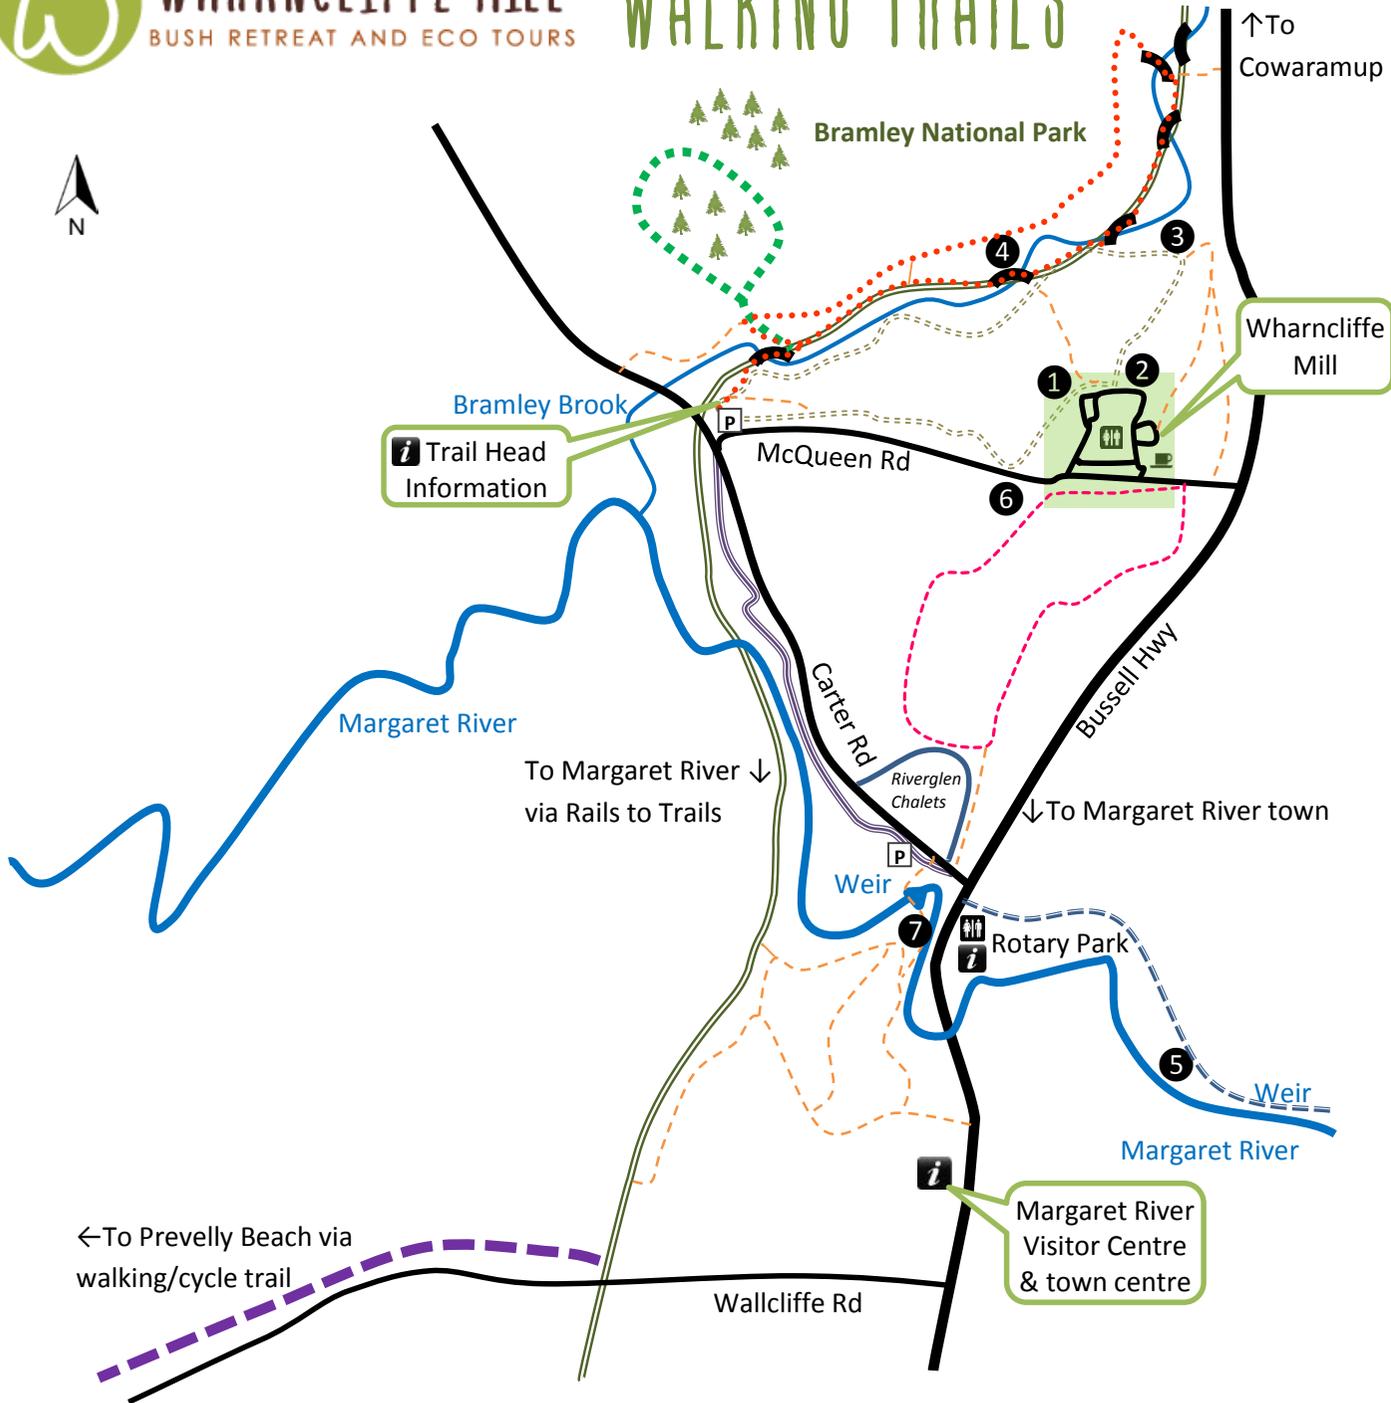

Beginners & leisure rides: For those new to mountain biking, or who want a gentle ride, try the Rails for Trails or the Big Brook Trail. You can hire a *Trek* mountain bike for leisure rides from the Wharncliffe Mill office.

Experienced riders: For the more adventurous rider, explore the Margaret River Pines, a series of climbs, fast flowing single track descents and jumps. Bikes suitable for thrill seekers, adventure rides and jumps can be hired from Margaret River Cycles (tel: 08 9758 7671)
